

Special Educational Needs and Disability Policy

September 2017

1.0 Definition of Special Educational Needs and Disability (SEND)

1.1 'A child or young person has SEND if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. Children and young people who have SEND may also have a disability under the Equality Act 2010 — that is '...a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities'. Children and young people with such conditions do not necessarily have SEN, but there is a significant overlap between disabled children and young people and those with SEN. Where a disabled child or young person requires special educational provision they will also be covered by the SEN definition.' (Code of Practice)

2.0 Legislation and regulation

- 2.1 This policy has regard to:
 - The Equality Act 2010;
 - The Children and Families Act 2014;
 - SEN and Disability Code of Practice, 0-25 years 2014 (SEND Code 2015) (DFE); and
 - The Data Protection Act 1998.

3.0 Principles underlying practice

- 3.1 The Code of Practice describes the principles that should be observed by all professionals working with children and young people who have SEN and/or disabilities. The school aims to:
 - Focus on inclusive practices and removing barriers to learning;
 - Identify early the special educational needs of young people;
 - Make high quality provision to meet the needs of young people and to ensure equality of opportunity;
 - Take into account the views of young people and their families;
 - Enable young people and their parents to participate in decision-making;
 - Collaborate with partners in education, health and social care where appropriate;
 - Ensure that appropriate resources are available for pupils with temporary or long-term special needs; and
 - Provide support for teachers to meet the learning needs of all pupils.
- 3.2 The school takes a sympathetic and professional whole-school approach to pupils with SEND.
- 3.3 Pupils with SEND are the shared responsibility of all staff. All staff are expected to have an understanding and awareness of the impact of specific learning profiles on teaching and learning.
- 3.4 To ensure the needs of pupils with SEND are addressed, the Learning Support Team will:
 - Identify and assess pupils with SEND, and where necessary, refer for further assessment by other professionals such as Educational Psychologists, Specialist Teachers and Therapists;
 - Develop and monitor support measures where a need is identified;
 - Develop and update the SEND Register and ensure that these are circulated amongst teaching staff:
 - Work in close liaison with teaching staff to ensure confidential communication on learning needs and progress of pupils;
 - Teach pupils according to their specific needs, recognising their particular strengths and learning needs to promote achievement of their academic potential;
 - Communicate effectively with parents/guardians on the learning needs of pupils and provide a Learning Plan for those pupils on the Learning Support Register and ensure that these are circulated to the staff of specific pupils; and
 - Collate evidence to support applications for additional funding and access arrangements in examinations.

Page 2 of 9 September 2017

4.0 Identifying special educational needs

- 4.1 Early identification of pupils' needs is the key to unlocking the potential of pupils who may have special educational needs. We adopt a graduated approach to ensure that pupils who do not develop age appropriate knowledge and skills, or who fall behind their peers, are identified as early as possible.
- 4.2 In attempts to understand the learning needs of pupils, we apply the four broad categories of need as set out in the SEN and Disability Code of Practice:

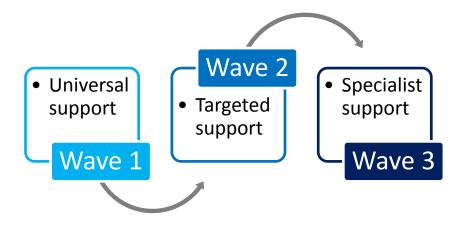

Communication and	Cognition and learning	Social, emotional and	Sensory and/or
interaction needs	needs	mental health needs	physical needs
Students who experience difficulty with speech, language and communication.	Students who learn at a slower pace than their peers, or who have difficulties acquiring skills in a specific area such as literacy. This includes students with moderate learning difficulties and severe learning difficulties, requiring support in all areas of the curriculum and participation in	Students' needs may be manifested in different ways, such as becoming withdrawn or displaying challenging behaviour. These may include being disruptive or self-harming. Students who have difficulty paying attention, or forming attachments with adults also fall into this category.	Students who require special educational provision because they have a disability that prevents them from accessing the educational facilities that are generally available.
	learning difficulties, requiring support in all areas of the curriculum	attention, or forming attachments with adults also fall into this	available.

5.0 Early Years

5.1 This policy applies to children in the early years. The person with responsibility for SEND in the early years is Sue Goldsmith.

6.0 Categorisation of students

6.1 We use a simple categorisation of students which helps provide a consistent and understood language:

Page 3 of 9 September 2017

Wave 1 Wave 2 Wave 3 **Universal Support Targeted Support Specialist Support** It is our firm belief that pupils' We provide specialist support We provide targeted support needs are best met in the when we consider it appropriate when we consider it necessary to classroom and that, therefore, to make additional short term seek specialist advice and/or every teacher is responsible and special educational provision to regular long term support from a accountable for the progress and remove or reduce any obstacle specialist professional outside development of all pupils they to a pupil's learning, or to help the academy in order to plan for teach, including those with them catch up when termly data the best possible learning SEND. At this universal level, we analysis shows they have fallen outcomes for those pupils who train teachers to deliver high behind their peers. Such specific, fail to make progress in spite of quality teaching, differentiated targeted one to one or small high quality teaching and for individual pupils. We review group interventions may be run targeted intervention. This may the progress of all pupils at least outside the classroom, and include assessment and/or three times per year and make limited to a number of weeks to support from: an Educational rapid adjustments to support minimise disruption to the Psychologist, an Assistant strategies and, where necessary, regular curriculum. Educational Psychologist, a teachers' understanding of the Speech and Language Therapist, needs of individual pupils they Specialist Dyslexia Teacher, teach. In addition, we talk to Specialist Sensory Advisory students and their parents to Teachers (for students with gain as full an understanding of hearing or visual impairments); their learning needs as possible. an Occupational Therapist; a Physiotherapist; a Therapeutic Learning Mentor; an Arts Psychotherapist; a Psychotherapist or a Counsellor.

7.0 The graduated approach

7.1 The school's approach to identifying and supporting SEN is informed by the SEN Code of Practice 2015, which recommends a graduated response to pupils who may be underachieving, based on a continuous process of assessment, planning and review. The school will make reasonable adjustments to remove barriers to learning or to increase access to all aspects of school life, including academic and extra-curricular activities.

This is not an exhaustive list.

- 7.2 The first response to existing SEN or possible SEN is High Quality teaching in subject lessons, using differentiated teaching strategies to target specific difficulties. Teachers use data that has been collected by the school and any available information regarding existing SEN to gain a full understanding of progress and individual needs. Sources of information might include:
 - Standardised tests, e.g. GL Assessment, NFER, CAT, MIDYIS, YELLIS, ALIS;
 - Educational Psychologist (EP) or Specialist Teacher reports;
 - Information from previous schools for new pupils;
 - Discussions with parents;
 - Observations in lessons;
 - In-class assessments: and
 - Discussions with Learning Support Team.

Page 4 of 9 September 2017

- 7.3 Subject teachers will implement strategies in response to the picture of need and then review outcomes within a reasonable time frame. Where pupils have not made progress despite this approach the cycle will begin again but may incorporate further specific interventions such as:
 - Additional assessment by the Learning Support Team;
 - Targeted one-to-one or small group lessons with a specialist in the Learning Support Team to help with literacy, comprehension, study skills, writing skills, or revision techniques;
 - Mentoring sessions; and
 - The Learning Support Team may observe lessons and offer advice regarding additional strategies in subject lessons.
- 7.4 Once again, the pupil's progress will be reviewed following these specific interventions and if the desired progress has not been made, the level of support may increase to include liaison with outside agencies such as:
 - Education or Clinical Psychologist, or Psychiatric Assessment;
 - Full Specialist Teacher assessment;
 - CAMHS involvement;
 - EHCP request; and/or
 - GP review.
- 7.5 Using all the information gathered at this stage, the process of applying new strategies and reviewing progress will continue.

8.0 Responsibility for SEN

8.1 The SEND Code of Practice makes explicit that, 'Teachers are responsible and accountable for the progress and development of the pupils in their class, including where pupils access support from teaching assistants or specialist staff'. All subject staff are required to be aware of a pupil's specific needs and be prepared to differentiate work appropriately with particular regard to the advice included in the Personalised Learning Plan. The Learning Support Team works closely with pupils and parents when reviewing targets and assessing effectiveness of strategies/interventions. In cases where there is a complex need (including pupils who have an Education Health and Care Plan), reviews may need to include outside agencies/specialists.

9.0 Managing learning for pupils on the SEND Register

- 9.1 A pupil will be placed on the SEN register if they have a formal diagnosis of a need in the categories of need as set out in the SEN and Disability Code of Practice. If there is no formal diagnosis but a continued concern about the pupil's ability to reach their potential, the pupil may be placed on Monitor. This is kept under constant review and formally reviewed termly.
- 9.2 Formative assessments are used by class teachers to monitor the progress of individual pupils. This may include formal tests as well as ongoing informal observations.

If a pupil is causing concern the class teacher will:

- review the teaching strategies currently employed and consider ways in which they might be developed and differentiated; consult with the pupil's parents and talk to the pupil if appropriate;
- continue to monitor and review the pupil's progress.

If the concern continues the class teacher will:

 continue to implement differentiated, multi-sensory strategies in the classroom (i.e. provide reasonable adjustment);

Page 5 of 9 September 2017

- raise a Concern form with the SENCo. The Concern form will detail the identification of need (if possible) and targets and strategies that have already been employed in the classroom.
 - The SENCo will then observe and consider all the evidence and decide if no further action is necessary at that time or further support is needed and will:
- work with the classroom teacher to devise and implement learning support classroom targets;
- support and advise the class teacher who remains responsible for working with the child on a daily basis;
- monitor progress made by the pupil through liaison with the class teacher;
- liaise with parents and any teachers involved where necessary;
- offer or co-ordinate teaching support in order to meet the pupil's individual needs;
- monitor and review any action taken.
- 9.3 The SEN register and Monitor level is kept under constant review and formally reviewed termly. Classroom Learning Support Targets are reviewed twice year in the spring and summer terms and at these review times it is decided whether the pupil continues with support targets.
- 9.4 There may be a stage that the SENCo and class teacher will confer with the parent/s about further intervention (e.g. In-house assessment, small group support or 1-1 tutor support)
 - There may be signposting to other agencies for example Speech and Language Therapy (SALT), Occupational Therapy (OT), CAMHs (Children and Adult Mental Health services), GP.

10.0 EHC Plans

10.1 Where a child has an Education Health and Care Plan (EHCP) it will be reviewed annually, working with the local authority as appropriate. Schools must also make sure that particulars of educational and welfare provision for pupils with EHC plans is made available to parents, parents of prospective pupils and, on request, to the Chief Inspector, Secretary of State or independent inspectorate.

11.0 Recording SEND

11.1 We are required by law to keep a record of those pupils who have been identified as having SEND, and the provision we make for such pupils. For each pupil with SEND, the SENCo will record on the school data management system their broad area/s of need as listed above, as well as a description of any specific areas of need. This will make up the school SEND register. Where a pupil no longer requires the additional provision or support, the entry will be deleted from the SEND register.

12.0 External agencies

12.1 We always work proactively and collaboratively with external agencies.

13.0 Exam concessions

13.1 Exam boards set out the regulations that all schools are required to follow when considering exam concessions. Schools are required to make 'reasonable adjustments' while ensuring that no pupil is given an 'unfair advantage'. The Learning Support Team will assess needs and update the evidence.

14.0 Use of laptops and word processing

14.1 If a report by an Educational Psychologist or other professional, such as an Occupational Therapist, recommends the use of a laptop in class, pupils should aim to type faster than they write and touch typing classes are suggested to support this. If the laptop is part of a normal way of working in lessons then it may be used in examinations.

Page 6 of 9 September 2017

15.0 Extra time

15.1 In order to qualify for extra time in an examination, the school will adhere to exam board regulations. Alongside specific assessment test outcomes stipulated by exam boards, it is usual practice to demonstrate that the use of additional time is part of a normal way of working in school.

16.0 Transition

- 16.1 Transition can be challenging for many children, but in particular for those pupils with SEND. The following key principles are adhered to in order to support successful transitions for children with SEND. Transition arrangements are made for pupils needing significant support with SEND matters in collaboration with the family, the receiving school and any outside agencies involved:
 - An exchange of effective and meaningful documentation in order to understand prior learning need.
 - Head of Learning Support will contact the previous school.
- 16.2 Where children with SEND leave the school, the SENCO will work cooperatively with the receiving school to provide information about the pupil.

17.0 Management and roles

17.1 All schools have duties under the Equality Act 2010, not only to ensure that 'reasonable adjustments' are made for pupils already attending the school, but also to consider what might be needed to ensure that any future pupils with a disability are not disadvantaged. The Senior Management Team, led by the Head, should regularly review how expertise and resources used to address SEND can be used to build the quality of whole-school provision as part of their approach to school improvement. The SENCo for the school is Sarah Hallsworth. To ensure best practice, the SENCO is an experienced speciliast with the relevant specialist qualifications PG Certificate SEND, CCET and BPS RQTU.

17.2 Class and subject teachers

Responsible for the progress of pupils with SEND.

17.3 The SENCO

- The SENCO has day-to-day responsibility for the operation of the SEND Policy and coordinating provision made for students with SEND.
- The SENCO provides professional guidance to colleagues with the aim of securing high quality teaching for students with SEND, and works closely with students, parents and other professionals to ensure students with SEND receive appropriate support.
- The SENCO plays an important role with the Head and proprietor in determining the strategic development of the SEND Policy and provision within the school in order to raise the achievements of students with SEND.
- 17.4 In compliance with the Special Educational Needs and Disability Regulations 2014, the SENCO is also

responsible for the following:

- In relation to each of the registered pupils who the SENCO considers may have special educational needs, informing a parent/carer of the pupil that this may be the case as soon as is reasonably practicable;
- In relation to each of the registered pupils who have special educational needs:
 - Identifying the pupil's special educational needs, and co-ordinating the making of special educational provision which meets those needs;
 - Monitoring the effectiveness of any special educational provision made;

Page 7 of 9 September 2017

- Securing relevant services for the pupil where necessary;
- Ensuring the records of the pupil's special educational needs and the special educational provision made are maintained and kept up to date;
- Liaising with and providing information to a parent/carer of the pupil on a regular basis about that pupil's special educational needs and the special educational provision made;
- Ensuring that, where the pupil transfers to another school or educational institution, educational provision made is conveyed to the appropriate authority or the proprietor of that school or institution;
- Promoting the pupil's inclusion in the school community and access to the school's curriculum, facilities and extra-curricular activities;
- Selecting, supervising and training learning support assistants who work with pupils with special educational needs;
- Advising teachers at the school about differentiated teaching methods appropriate for individual pupils with special educational needs;
- Contributing to in-service training for teachers at the school to assist them to carry out necessary tasks to meet the needs of pupils with special educational needs; and
- Preparing and reviewing the information required by law to be published in relation to special educational needs provision.

17.5 The Headteacher

The Headteacher has overall responsibility for the strategic planning and day-to-day delivery of SEND provision.

18.0 Document retention

18.1 We are required to keep SEND documents for specified amounts of time in accordance with legislation:

Basic file description	Retention period	Action at end of administrative life of the record
Special educational needs files, reviews and individuals education plans	Date of birth of the pupils + 25 years	Secure disposal
Basic file description	Retention period	Action at end of administrative life of the record
Statement maintained under section 234 of the Education Act 1990 and any amendments made to the statement	Date of birth of the pupils + 25 years (normally retained on the pupil file)	Secure disposal unless the document is subject to a legal hold
Advice and information provided to parents regarding educational needs	Date of birth of the pupils + 25 years (normally retained on the pupil file)	Secure disposal unless the document is subject to a legal hold

18.2 See the School Records Management Policy for advice on Pupil Records.

19.0 Complaints

19.1 All complaints should be dealt with via the school's agreed Complaint Procedure.
