At Downsend Pre-Prep Epsom we know that childhood is a once in a lifetime experience.
To ensure our children get the best start in life we

Inspire

... by exploring a breadth of opportunities. Each child is encouraged to question and explore, discovering their capability to excel...

Nurture

...by supporting each child to become happy, confident, independent and successful ...

Create

... exciting experiences through an enriched curriculum and a strong extra-curricular programme. We aim to capture each child's inner curiosity to become lifelong learners...

Look Forward

...by developing each child's resilience and character, enabling them to embrace the future as a global citizen ...

Our school has a family feel where a partnership with parents is highly valued.
