Message from the Head Teacher

Thank you to the Class Reps. who met with me on Tuesday. We were joined by representatives from the Friends' who outlined the activities and events being organized for the children. Please do support your Class Rep and the Friends' in order that our children experience some wonderful activities throughout the year. More information about the various events will follow.

We have been making the most of our field while the weather is being kind to us, lots of autumn hunts looking for conkers, acorns and being amazed how big our pumpkins have grown!

Next week I am attending Cognita's global conference so will not be in school Monday to Friday. Miss Hodges, my Deputy, and Esther Booth, our secretary will be able to answer any queries that may arise. Gill Brooks

Our topic in First Steps this week is 'My Home'. Mrs Potter has read us lots of stories about homes, such as the tiger who came to tea, where the tiger ate all of Sophie's food! We have turned our role play area into a living room and enjoyed using our imaginations to think of our own homes.
